Andrea Gazdecki, Wound Center

Dawn Hallier, ER

Michael Keysor, ER

Kendra Prince, Lab

Amanda Reyes, Pain Management

Nichole Smith, Lab

Eva Wilson, Med/Surg

Josalyn Woodruff, FBC

Employee Spotlight

Leigh Ann Aigler is one of the friendliest faces you'll see here at The Bellevue Hospital. Leigh Ann works in Perioperative Services as the materials clerk and has worked at TBH for 17 years. She has been with her better half, Larry for 27 years and has three children, Jeremiah, Rachel and Heather. She has four grandchildren, Caleigh, Drew, Jackson and Rosie. She loves spending time with her children and grandchildren.

Leigh Ann was born and raised in Bellevue. She is the third of ten children in the Schoen family. In her free time, Leigh Ann likes to watch sports, especially her grandchildren run cross country and wrestle. She loves the Cleveland Indians and the Ohio State Buckeyes. If she could be anywhere right now it would be Cocoa Beach, Florida, because it's nice and warm. Her biggest accomplishment is when she quit smoking. Her co-workers would have to say that she is a very dedicated and hardworking employee and would wear flip flops to work every day if she could.

Thank you, Leigh Ann, for 17 years of service at TBH!

Leigh Ann Aigler

TBH Receives Healthy Worksite Award

The Bellevue Hospital was recently named a Silver Award recipient of a 2016 Healthy Ohio *Healthy Worksite Award*. The Bellevue Hospital was one of the 88 Ohio employers The Healthy Ohio Business Council (HOBC) recognized for healthy worksite practices.

These awards recognize Ohio employers who demonstrate a commitment to employee wellness through wellness programs and worksite health promotion. Applicants were scored on the extent their wellness programs facilitate and encourage employee health, enhance productivity and ensure a healthy work environment.

"A healthy work environment is not only good for the employees well being, but it is beneficial to employers too. By encouraging and promoting a safe and healthy workforce, employers can improve productivity, increase morale and can help improve employee work-life balance. TBH has a very dedicated wellness committee that is instrumental in providing a variety of programs that are meaningful and beneficial to TBH employees," said Mandi Artino, Employee Wellness/Physician Outreach Leader at The Bellevue Hospital.

The Bellevue Hospital was represented during the 13th annual Healthy Ohio *Healthy Worksite Awards* ceremony that was held in Columbus on January 19, 2017.

Some members of The Bellevue Hospital Wellness Committee are, front row, left to right, Leticia Schemer, Mandi Artino and Mary Lou Mittower. Middle row, Janisha Buck, Jackie Shelley and Gail Engelhart. Back row, Dennis Sabo, Patti Keller, Paula Contreras and Lisa Sartain.
