Imaging

Maria
Hemminger,
Med/Surg

Angela Hush,
Patient Access

Heather Kehres,
Patient Financial
Services

Alaina Konik,
Emergency
Department

Jennifer
Sweeney,
Med/Surg

Employee Spotlight

Mary Palmer-Bennett has been with The Bellevue Hospital (TBH) for 38 years! She began working at TBH in 1979 as a Certified Surgical Tech and also worked in cardio-pulmonary for four and a half years before taking a position with Pre-Admission Testing. She has a degree from Lorain Community College in Applied Science.

Mary Palmer-Bennett

Mary grew up in the Monroeville/Norwalk area and is married to her husband Tom. She has two dog children, Woody and Alex. Family is very important to Mary. She loves being an aunt and great-aunt. Her parents instilled in her the phrase “people before things.”

Mary’s compassion for family and people is demonstrated by taking care of her mom in her last years and going on a mission trip to Brazil, with her husband. One of her most memorable trips was an Alaskan cruise with friends.

Thank you Mary for sharing your story, and 38 years with The Bellevue Hospital!

TBH Participation in Bellevue Community Days

The Bellevue Community Days Celebration was held June 22-25, and The Bellevue Hospital had a large presence during the four-day event.

The Community Days parade was held on Thursday, June 22 and over 30 TBH Veterans, employees, family members and friends walked in the parade and passed out Tootsie Rolls and glow necklaces to community spectators.

Over 30 TBH Veterans, employees, volunteers and family members participated in the Bellevue Community Days Parade.

The fifth annual D. Ross Irons Memorial 5K Walk/Run was held on Friday, June 23 and was sponsored by The Bellevue Hospital Foundation. Nearly 70 walkers/runners participated in the event, including several TBH employees and family members. Proceeds of the 5K will benefit our Women’s Mammography Fund.

The Bellevue Hospital Foundation’s tenth annual Dr. Elbert Lawrence Classic Car, Truck and Motorcycle show was held on Saturday, June 24. Over 20 vehicles participated in the event. As part of the Car show, TBH hosted a children’s bike decorating contest, and passed out free bike helmets to promote bike safety.

Thank you to all members of the TBH Family who volunteered, and came out to support and participate in the Community Days events.

TBH Foundation Launches NEW Website

We are pleased to announce the launch of our brand new Foundation website! The new Foundation site is available and the URL is www.tbhfoundation.com.

Our goal with the new Foundation website is to provide our employees and website visitors an easier way to learn more about the Foundation, read about projects and highlights, view upcoming events, register online for events of interest, make contributions to the Foundation through various giving options, and make donations to a particular cause or in honor or memory of a loved one.

We encourage you to take a look at the new Foundation website. We hope you find the site with a fresh look, easy to use and informational!
