Employee Spotlight

Congratulations to Mike Phenicie, Plant Operations, who celebrated 13 years of service at The Bellevue Hospital (TBH) in July.

Mike Phenicie

Mike is the 2nd shift Plant Operations “Jack of All Trades” man at The Bellevue Hospital. Mike is always willing to help others here at the hospital. Prior to his employment at TBH, Mike farmed with his dad and sprayed crops for Sunrise Co-op for 18 years.

Mike grew up on a farm in Huron County raising cattle and farming with his Dad. He also has a custom spray and pesticide license. In his spare time he enjoys four wheeling and listening to AC/DC. Mike’s most memorable vacation was to New Orleans, but his true dream vacation is to go to Hawaii. If Mike could list one accomplishment he is most proud of he would definitely tell you it is being a father. Mike has a thirteen year old son, Brett who he loves.

Congratulations Mike on your service and your dedication to TBH!
